The nature and order of events during this time period are not know, although general understandings are known, including a cessation of war, familes living in peace on their own properties, the saints ruling with Jesus Christ, tame creatures, unparalleled prosperity, unheard-of longevity, and a return to the conditions of Eden throughout the world as revealed in Genesis 1 and 2. The various sub-races on mankind (i.e., the 70 nations of Genesis 10) will live within their own domains as determined by Elohim.
